PROFILE

Motivated and detail-oriented fresher with a strong foundation in full stack web development. Proficient in building responsive and user-friendly web applications using modern technologies like React.js, Next.js, Node.js, Express.js, MySQL and MongoDB. Eager to learn, grow and contribute to real-world projects while continuously improving skills. Also expanding knowledge in Python for Data Science and Machine Learning.

EXPERIENCE

Fresher

2024 – Present

I am a fresher and currently building my skills through academic projects, personal projects and continuous learning. Actively seeking an opportunity to apply my knowledge, learn from experienced professionals and contribute to the success of an organization.

PROJECTS

Portfolio Website

Next.js, Tailwind CSS

Personal portfolio website to showcase skills, projects and achievements. Fully responsive with modern UI/UX.

Maths Learning Platform (In Progress)

Next.js, Node.js, Express.js, MySQL

A Duolingo-inspired platform for maths students to access assignments, tasks, MCQ questions and puzzles. Includes user authentication, progress tracking and a clean, intuitive interface. (Currently under development)
